

A woman with blonde hair, wearing a white knit beanie and a white quilted winter jacket with a fur-lined hood, stands in a snowy field. She is holding a pair of purple skis and poles. The background is a bright, snowy landscape with some dry grasses visible. The entire image is framed by a thick black border.

# LUT Winter School

9 January – 3 March 2017

ARE YOU LOOKING FOR A  
UNIQUE EXPERIENCE IN  
WINTER WONDERLAND?

---

WHAT ABOUT SPENDING  
AN AWESOME TIME AT  
**LUT WINTER SCHOOL?**

# LUT WINTER SCHOOL

We invite you to experience high-quality education on a beautiful campus in the winter. You will have an opportunity to learn and think about the relationship between economy, technology, and culture while also increasing your intercultural competence. All the while exploring the breathtaking scenery of Finnish winter!

## WHAT?

Exceptional opportunity to combine high-quality learning with a unique cultural experience in beautiful Finland.

## WHY?

Enrich your academic experience while making life-long friendships with students from different countries.

## HOW?

Simply by submitting the online application form. See the application schedule at [www.lut.fi/winterschool](http://www.lut.fi/winterschool)

“Apart from acquiring new insights and techniques, you also learn a lot by doing group work and presentations with the other students with different cultural background. I really recommend LUT to everyone who is ready for international study adventure in Finland.”

*International student,  
University of Leuven, Belgium*

“The classes were incredible. Not only was the material highly relevant, but the perspectives varied greatly from what I have found at my home university. The professors were sensitive to the cultural differences and provided instruction suitable for everyone, regardless of previous experience. What was even more impressive was the professors’ genuine interest in the students and what they had to offer.”

*International student,  
UC Davis, USA*

## During the LUT Winter School you

- ➔ **Learn about Finland** and Finnish culture
- ➔ **Learn about other cultures** by interacting in and outside the classroom with other students from diverse cultural backgrounds
- ➔ **Gain interdisciplinary knowledge** of the contemporary relevant topics

## Lappeenranta University of Technology

**LUT's Trailblazer strategy** is searching for answers to four key questions: Are we going to burn up everything? Is humanity condemned to suffer from the water it has polluted? Will waste be the grave of our future? Will we let Europe degenerate to the world's back yard? No. We will lead the way with a trailblazer spirit. We have been ranked among the world's top universities (Times Higher Education and QS rankings). We are compact by size, with intensely focused operations. Combining technology and business, we have served as an academic forerunner since 1969. Our international science community encompasses 6,500 students and experts.
