Germany and Karlsruhe

A Green Study Place in the 3-Country Triangle
Karlsruhe and KIT’s campuses are in one of the most picturesque regions of Germany. To the west, Karlsruhe borders France, and Switzerland is located 200 km south of the city.

Numerous Leisure, Culture and Sport Opportunities
Karlsruhe enjoys a vast leisure, culture and sports offer including well-known theaters and museums, as well as “Das Fest”, one of Germany’s largest open-air-festivals.

Karlsruhe Institute of Technology (KIT)

Excellent Studies for Masterminds
KIT offers excellent education through more than 80 future-oriented study courses in engineering and natural sciences, informatics, as well as economics, the humanities and social sciences. Due to KIT’s unique connection to research, classes convey the latest scientific findings and inspire participation in research, innovation and industry projects. Outstanding training programs for soft and language skills (HoC, language center) as well as studium generale (ZAK) prepare students for their professional life beyond the expertise of their field of study.

Personal and Individual Support
Over the years, KIT has developed dedicated support for international students to make their start and stay in Karlsruhe as easy as possible. Orientation week, joint events and trips, as well as alumni support: international students are in good hands.

International Environment
Internationality is an integral part of KIT culture. About 20% of students at KIT have come from abroad to study in Germany. In addition, more than 850 international scientists have chosen KIT as their research facility.

The ERASMUS+ Program at KIT

Studying in Europe
ERASMUS+ Student Mobility for Studies (SMS) enables students from KIT partner universities to study for a period of 3 to 12 months at KIT.

Benefits of Being an “ERASMUS+” at KIT
- Advice and support by departmental ERASMUS+ coordinators and the International Students Office at KIT
- Access to a German language course before the start of lectures
- Free orientation week at KIT to help you settle in
- Possible transfer of credits achieved at KIT to your home university
