BMBF funded research stays between TU9-Universities and IIT Mandi in 2016

The aim of the BMBF mobility funds is to establish networks in defined research fields between TU9-Universities and IIT Mandi. Indian and German Professors are eligible to apply for funding in order to work on jointly defined research topics. Visible outcome should be built up through joint publications and joint applications for further national and international research funds.

Framework for IIT Mandi Professors:

- 4 research visits for the year 2016
- Duration of research visits: 3 months
- A joint workshops or seminar should take place during each visit; support for up to 1.250 Euros available per workshop/seminar
- Travel allowance: max. 1000 Euro Airfare
- Subsistence allowance: max. 2.300 Euro per month

Framework for TU9 Professors and Postdocs:

- 4 research visits for Professors in 2016
- 4 research visits for Postdocs in 2016
- Duration of research visits: to be defined between counterparts; appropriate timeframe at least three weeks, preferable timeframe up to 3 months (Postdocs)
- A joint workshops or seminar should take place during each visit; support for up to 1.250 Euros available per workshop/seminar
- Travel allowance: max. 1400 Euro Airfare
- Subsistence allowance can be provided by IIT Mandi for longer visits of TU9 Faculty (to Postdocs on a case by case basis depending upon the involvement in teaching)

Existing funding from IIT Mandi

- Initial, short visits by an IIT Mandi faculty to establish contact with potential TU9 collaborators
- Hosting short visits of TU9 faculty
- Hosting long visits of TU9 faculty for teaching
