

Join us on a company visit to one of the biggest manufacturers of high tech products in Germany!

The „Siemens Industrie Park Karlsruhe“ consists of an open industrial park, where parts of Siemens as well as other companies are located at. On an area of 284,106 square meters the Siemens electronics plant in the Eastern ‘Rheinbrückenstraße’ and the Siemens branch office in ‘Siemensallee’ are situated.

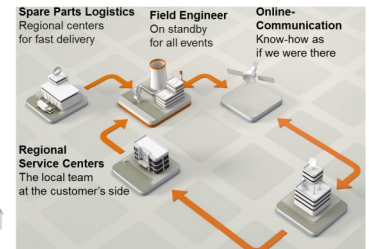

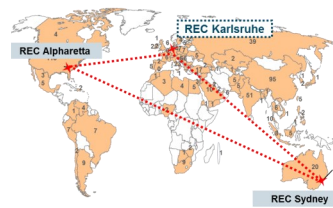

The site in Karlsruhe is Siemens’ fifth largest location. At the same time, Siemens is the largest private employer in Karlsruhe. A centre for process automation, factory automation, building automation and industrial services can be found here. The focus of the site is on process automation, process instrumentation and power instrumentation.

During a factory tour of about 1 hour and 15 min you will have the chance to get a bigger insight of this

part and especially the production site of the company.

In the „Remote Expert Center“ the access to power plants world wide can be witnessed. It is used for maintenance as well as repair purposes, service and of course supervision and control.

The tour of this part of the Siemens site will be about an hour.

When?

June 24th, 10:15 a.m. Between the two parts of the tour we will have an approximately 1h lunch break. During this break it is possible to have lunch in the cafeteria of Siemens. We will be finished with the tour at approximately 2:00 p.m.

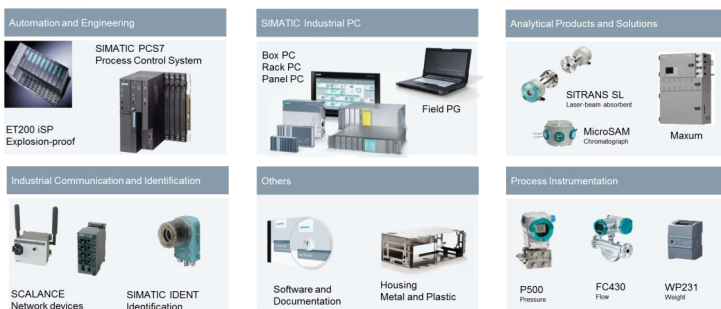

Where?

Siemens Industrial Parc: „Hauptpforte“, Östliche Rheinbrückenstraße

Do I have to register?

Yes, please register until Thursday, June 23rd, using this [link](#).

If you have any questions, please contact [Lena Birkhäuser](#)
