Finde deine O-Phase

Die Fachschaften und der AStA am KIT heißen dich zu deinem Studium herzlich willkommen! Damit du dich an der Uni besser zurechtfindest und dich leichter in Karlsruhe einlebst, veranstalten wir Fachschaften eine Orientierungsphase (O-Phase) für dich.

Die Fachschaften bestehen aus Studenten, die die studentischen Interessen ihres Studiengangs vertreten und den Studierenden jederzeit mit Beratung und Information zur Seite stehen. Da wir alle auch mal in eurer Situation waren und mittlerweile viel Erfahrung gesammelt haben, wissen wir worauf es am Anfang ankommt. Um dir den Start ins Studium etwas leichter zu gestalten, kannst du in der O-Phase schon mal deine Kommilitonen kennen lernen und erfährst von uns alles Wichtige für die ersten Wochen.

Da sich die Studiengänge unterscheiden, gibt es nicht eine O-Phase für alle. Stattdessen veranstalten die einzelnen Fachschaften eine eigene O-Phase für ihre Studiengänge, um dir einen perfekten Start für dein Studium zu ermöglichen. Dementsprechend hängt es auch von deinem Studiengang ab, wann es wo für dich los geht.

Damit du bei der richtigen O-Phase landest, haben wir hier für dich eine Übersicht erstellt. Wähle einfach aus, ob du einen Bachelor...

- Information about your study program
- Meet other students who start with the same program as you
- **Find learning groups**
- Looking for accommodation together
- Advice from students, who have been studying at the KIT for some time

Usually 1 or 2 weeks prior to the start of lectures

KIT Department of Informatics

eezi: Eine Einführung zum Informatikstudium am KIT

(Guide to navigating KIT Department of Informatics' Program of Studies)

- A module "eezi" (pronounced "easy"), is an offer of the KIT Department of Informatics and is aimed at all first semester bachelor students of Informatics/Computer Science, Information Systems, Informatics Teacher Education
- Assists by addressing topics and providing vital information at relevant points during the semester through lectures (3), tutorials and worksheets (5), and one on one advising sessions
- Successful completion of the course is credited with **1 ECTS** as a key qualification for academic progress
- Learn to navigate your studies, adjust to the rigor of a German tertiary education, find a sense of belonging, and get connected to peers, enhance time management, self-management, study management, stress management, learning techniques, exam preparation skills
- Won this year a national award for equality and diversity

Mentoring: **Mentoring Get-Together**

- new and returning students "get-to-know-each-other" during a relaxed evening, often centered around board games and chat
- Great way to find people to study with and build your social circle

KIT Department of Informatics

Info²

- This program is designed to assist all students at the KIT Department of Informatics and it is divided into an informative video series and a selection of information events
- Information events include International Student Roundtables, Programming Best Practices, How 2 CV and to find a job in Germany, How 2 Thesis, etc...
- **Including:**

ISRT: International Student Round

- Vital information and tips navigating your first semester from enrollment to exams at KIT at the relevant points in the semester
 - **"Kicking -Off to the Semester"**: Arrived and Checking-in: 4 November 2025
 - **"In the Thick of it - What next in my first semester"**: 11 November 2025
 - **"Fit for exams and returning home"**: 9 December 2025
- If you are not going to arrive before semester start or for the semester, then attend: **"Admitted but, not yet here"** on 23 October 2025

Bites: Unterstützung im Studium (Support during your studies) videos deal with general tips and tricks for coping with the studies, including The first six weeks, Studienstart: Zugelassen... Was nun? Campus Management System, ect ...

Studienberatung bei InSL

Informationen und Serviceleistungen für Studierende (InSL)

Counselor for MEI students:

Ariane van Elst
ariane.vanelst@kit.edu

Studiengangservice ETIT, MEDT und MIT

Gerne unterstützen wir Sie mit Informationen, Beratung und Service

Die Referentinnen und Referenten des Studiengangservice beraten und informieren Studierende der Studiengänge Elektrotechnik und Informationstechnik (ETIT), Medizintechnik (MEDT) und Mechatronik und Informationstechnik (MIT) zu allen allgemeinen Fragen rund um das Studium, zum Beispiel zu

- Prüfungsordnung und Studienablauf
- Prüfungen
- Anerkennungen auswärtig erbrachter Leistungen
- Anliegen Prüfungsausschüsse (Bachelor & Master)

Alle ETIT-, MEDT- und MIT-Studierenden können sich darüber hinaus bei Fragen zur Verwaltung von Prüfungsleistungen im Campusmanagement-System an den Studiengangservice wenden.

Auch für Fragen rund um [Erasmus und Auslandsaufenthalte](#) sind Sie beim Studiengangservice richtig.

Der Prüfungsausschuss ist ein Entscheidungsgremium, das aus stimmberechtigten Hochschullehrenden und wissenschaftlichen Mitarbeitenden besteht. Studierende sind mit beratender Stimme vertreten. Der Prüfungsausschuss achtet auf die Einhaltung der Studien- und Prüfungsordnung und fällt Entscheidungen in Prüfungsangelegenheiten.

Wenden Sie sich an die Referentinnen und Referenten des Studiengangservice bei Anliegen, wie zum Beispiel:

- Problemen mit Fristen/ Fristüberschreitungen
- endgültig nicht bestandenenen Prüfungen (Antrag auf Zweitwiederholung)
- Anträgen auf Nachteilsausgleich bei chronischer Krankheit oder Beeinträchtigung

- **Welcome Café** informal meeting with staff of the IStO and students

First residence campaign of the city of Karlsruhe

Home Advantage: Simplifying administrative tasks

With your primary residence in Karlsruhe, you take things into your own hands. Many important administrative tasks can be easily handled on site or online. Get things done easily at your primary residence:

- Resident parking permits can only be used with a primary residence in Karlsruhe
- Conveniently issue or renew ID cards or passports at your primary residence
- Register your vehicle quickly and easily in Karlsruhe
- Obtain your tax card directly at your primary residence
- Submit your tax return at the local tax office

Good to know:

- Parental entitlement to child benefits remains unaffected by the child's primary residence.
- For parents' tax benefits, it is not required that children be registered with their primary residence at the parents' home..
- Health insurance, long-term care insurance, pension insurance, and life insurance do not depend on the primary residence. For liability insurance, domestic students and apprentices are generally covered under their parents' insurance until the age of 25 (sometimes up to 27), even if their primary residence is at their place of study. The terms and conditions of the insurance contracts apply. For car insurance, there may be variations arising from regional classes.

Karlsruhe: „This is my home!“

It's great that you're studying or completing a vocational training in Karlsruhe. We are thrilled to welcome you to our young, vibrant city. Karlsruhe is not only a good place to study and learn, but also a good place to live. And that's a good reason for you to really use your home advantage and register your primary residence in Karlsruhe.

Additionally, we have come up with something special for you: the welcome package for students and apprentices! You can expect great gift vouchers, **and the first 400 new Karlsruhe residents will receive a Draisler bicycle from October 1, 2024.** All other new registrants will have another chance to win a bike in next year's bicycle lottery.

For more information about primary residence and the welcome package please see www.erstwohnsitz-ka.de

Primary Residence: What is it exactly?

The official term is "primary residence" ("Hauptwohnung"). When you move into a new home, you must register with the local registration office within two weeks. If you have other residences within Germany besides Karlsruhe, you must declare which one is your primary residence. This is the residence you use most of the time, making it your main place of living. Registering your main residence in Karlsruhe brings you many benefits. Plus, you save the secondary residence tax that would otherwise apply.

Register your primary residence in Karlsruhe
and secure your welcome package!
www.erstwohnsitz-ka.de

Your home advantage in Karlsruhe

A new and exciting chapter of your life is starting now: your studies or apprenticeship in Karlsruhe. New friends, a new city, a new environment — there's so much to discover and experience. Everything now revolves around Karlsruhe as your new center of life. It's time to use your home advantage and register your primary residence in Karlsruhe.

Karlsruhe has so much to offer - in addition to universities, vocational schools, and training companies, there are also great pubs and beer gardens, diverse cultural, sports, and leisure activities, the Rhine, plenty of green spaces within the city, and short trips to the Black Forest, Palatinate, or Alsace. Every year, thousands of future professionals are drawn to our wonderful "fan-shaped" city.

Your local benefits

By registering your primary residence in Karlsruhe, you can take advantage of many benefits, such as the simple and quick organization of important things like ID cards and passports, resident parking permits, tax returns, and more.

Get your gifts

Our team from the Science Bureau of the City of Karlsruhe has put together a fantastic **welcome package*** for you, including:

1. **A Karlsruhe gift voucher worth €50**
(www.karlsruher-geschenkgutschein.de)
2. **A Draisler bicycle** for the first 400 new students and apprentices, who register their primary residence and apply for the welcome package. All other new residents of Karlsruhe will automatically take part in a major bicycle lottery in the next year. Winners will be notified by the Science Bureau.
3. **A voucher from the Karlsruhe Tourist Information**
(choose one from the following options):
 - 1 city tour "City Tour Karlsruhe" on the red double-decker bus
 - 1 public walking tour "Hometown" & 1 fan mug**
 - 2 public walking tours "Hometown"
 - 2 fan mugs**
 - 2 advance tickets for the Karlsruhe Museum Night KAMIUNA on August 2, 2025 (advance sale from June 21 to August 1)

* The package is available to students at all Karlsruhe universities as well as apprentices whose training company and/or vocational school is in Karlsruhe, provided they register their primary residence in Karlsruhe.
** While supplies last.

Register, settle in and start cycling

400 bicycles as a present and more in the lottery!

Simply register your primary residence in Karlsruhe starting October 1, 2024, apply for the welcome package, and take your chance to win a cool red Draisler bicycle. Being quick pays off: the first 400 new Karlsruhe residents will receive a custom-made Draisler bicycle by January 2025. All others will have a chance to win a bike by participating in our lottery.

Securing your Welcome Package is easy!

To receive your welcome package, you first need to register your **primary residence**.

PLEASE NOTE! If you are moving from abroad, you must register in person at our citizens office in Kaiserallee 8. Your registration confirmation will be handed to you along with the welcome package after successful registration.

After making an **appointment**, you must register in person at the **citizens office in Kaiserallee 8 in Karlsruhe**. Appointments can be made online via the website www.karlsruhe.de or by phone via the public hotline number 115. You will receive your registration confirmation along with your welcome package directly after your registration.

Important:

To receive the welcome package, you must provide the following documents:

- Your certificate of enrollment, apprenticeship contract, or vocational school certificate
- The completed application for the welcome package
- Your identity card (or passport)

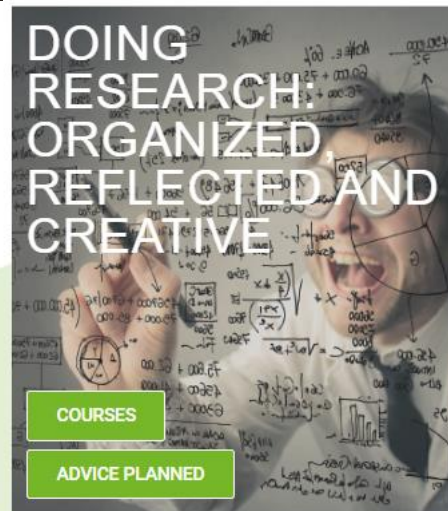

For all important information on registering your residence and receiving the welcome package: www.erstwohnsitz-ka.de
