

IScO's excursion to Campus North on July 10th, jointly organized by IStO and IScO

We would like to invite you to our excursion to a guided tour to **Campus North on July 10th**. Meeting point will be the **bus station of the KIT Shuttle at Campus South at 01:15 pm**. As an alternative for scientists of Campus North the meeting point is at **01:55 pm at the bus station at South Gate** in front of the main entrance of Campus North. To be able to enter Campus North you need to **bring your valid KIT employee card**.

Get in touch with scientists and experts, get insights in new innovative projects of KIT and get to know research at Campus North.

What will be offered:

02:00 pm General introduction and first overview of key activities of Campus North, the former Research Center.

02:45 pm A guided tour of Campus North, we will visit the following institutes:

- **KATRIN** – Karlsruhe TRItium Neutrino experiment, which is presently being assembled at Tritium Laboratory Karlsruhe
- **bioliq®** – Search for high quality fuels or fuel components produced from sustainable biomass
- **ANKA** — Synchrotron Radiation Facility

After the event we will take the KIT shuttle bus back to Campus South.

Do I need to register? Yes, as we have a maximum number for the guided tour. Please answer stating your name, nationality, KIT Institute and email by **June 6th 2016 here.**

Whom can I contact should I have further questions?
