## Strasbourg — City between two Nations

22<sup>nd</sup> and 23<sup>rd</sup> July 2016

Where the Rhine marks the border between France and Germany, there is a strange mixture of closeness and distance between the people of the two sides of the border. It is visible in culture, architecture, and even jurisdiction.

Let us explore the reasons for this, in a casual atmosphere !

On **22nd July** , at **16:00 h** (KIT Adenauerring 2) **meeting** for an introduction to the region around Strasbourg focussing on cultural issues.

On **23rd July 2015** , at **11:06** (leaving from the train station KA), **excursion** to Strasbourg, the European city so strongly characterised by two nations. Our guide Helmut Schneider will explain how the „to and fro“ of Strasbourg’s history has left its marks on the cityscape, its inhabitants and their culture.

There will be time for free roaming around in this beautiful, very European town and for tasting some of the delicacies of the local cuisine.
